

Please do NOT displace Air 1 (FM 91.5) in Wichita with LPFM. Air 1 offers a great service to the Wichita, Kansas listening audience, especially youth, by providing music that is decent enough for my 2-year old to listen to and still current & cool enough for teenagers (and the young at heart, like myself!) while it may look on paper like Wichita has similar Christian music stations also available, none other offers the quality & variety of contemporary Christian music that Air 1 offers. It would be a great loss to me, my family and friends and the community to lose this wonderful station.

Respectfully Yours, PM Davis
